

ENCORE. OUR MOST POPULAR HANDHELD IS BETTER THAN EVER.

KEY FEATURES

Built-in Bluetooth® Stay connected. With built-in Bluetooth® wireless technology, you can synchronise with your desktop without wires getting in the way³. Use your Tungsten™ E2 handheld with a compatible phone to send email and text messages, or to check news headlines on the Web⁴.

Non-volatile flash memory There's more than enough room to hold your calendar, contacts, applications, photos and even your spreadsheets or presentations. And because it's flash memory, the information on your handheld is protected - even if you're on the go and don't have time to recharge.

Brighter, richer colour display See your information clearly indoors and out. Brighter display, better colour saturation brings photos and videos to life.

Documents To Go® Productivity in your pocket. The Tungsten™ E2 comes with Documents To Go®, which lets you create and edit Word and Excel documents and view your PowerPoint files - so you can be more productive wherever you are. And with a simple conversion step, you can even view Acrobat PDFs⁵.

¹ Windows compatible only.

² Expansion card required for MP3s. Sold separately.

³ Requires a compatible Bluetooth® enabled Windows computer.

⁴ Works within wireless service coverage area only and requires compatible GSM mobile phone with Bluetooth® wireless technology, data service from a mobile service provider and an ISP, sold separately.

⁵ PDFs require conversion step.

TUNGSTEN™ | E2

Affordable and packed with productivity for wherever business takes you.

Wherever your life is going, this is the perfect handheld to take along for the ride. The sleek, stylishly designed Tungsten™ E2 handheld from palmOne brings your entire world to life. Your calendar, contacts, documents, presentations, photos and videos look sharper and more colourful. But just as important, its new flash memory keeps all that information safe – even if you don't have time to recharge.

Of course, it wouldn't be a palmOne™ device if we didn't push the boundaries of what a handheld can do. That's why we included Bluetooth® technology for wireless connectivity. Now, working and communicating will be much easier. Taking work to go? View and even edit spreadsheets and word processing documents right on your handheld. Plus you can sync your calendar and contacts from Outlook¹. And don't forget to grab your MP3 tunes². You're going places.

palmOne™
