

Trēo™ 680 SMARTPHONE

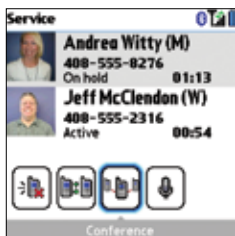

It's time to expect more from your phone.

Phone, email, messaging, Web, photos, and songs—all of it easy to use

Say hello to the Palm® Treo™ 680 smartphone. It's your phone along with email, messaging, and Web access¹. Not to mention your contacts, calendar, photos, and songs. Sounds like a lot. And it is. But everything's so easy to learn that you'll actually use it. Even better, the Treo™ 680 smartphone is just the right size, with a large touchscreen and an easy-type keyboard. Which means you have the freedom to take it anywhere and still be connected to friends, work, and family². Of course, there's also something called an "off" button, for when you don't want to be connected at all.

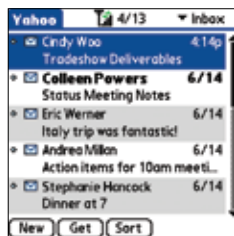

Quick facts

- All-in-one smartphone with phone, email, messaging, Web, camera, and more¹
- Palm's ease of use
- Just the right size with a large touchscreen and an easy-type keyboard
- Integrated address book, calendar, memos, and to-do list
- MP3 player and streaming audio, such as Internet radio¹
- Multi-party conference calling that's a snap to manage³
- Speakerphone and speed dial
- Supports Word, Excel®, PowerPoint® and PDF files
- Palm OS® platform runs over 30,000 applications, from games to productivity tools
- 64MB user-available memory—add up to 2GB more with an expansion card⁴
- Bluetooth® and infrared wireless technologies
- VGA camera/video recorder

Phone

Manage multi-party conference calling easily! Swap calls or turn on speakerphone with one touch.

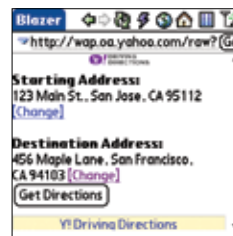

Email

Set up personal accounts like Gmail and Yahoo! with ease. Configure corporate email accounts with a little help from IT.

Messaging

See your text conversation threaded in a chat-style view. Easy-type keyboard makes texting fast and easy.

Web

Surf the Web and get directions, restaurant reviews, movie listings, and sports scores.

Photos and Videos

Carry photos and video clips. Snap a picture – or shoot a video⁵ – and share it with friends.

¹ Email, web, and messaging require data services from a mobile service provider at an additional cost. ISP and/or VPN may also be required.

² Within wireless service coverage area only.

³ Maximum number of parties on conference calls varies by carrier.

⁴ Sold separately.

⁵ Length of video contingent upon available memory.
